

Please read these installation instructions carefully before installing and operating the lights. This is safe for you and will prevent damage to the product. These instructions apply to the Nerja LED pendant light. As this is a veranda pendant light, you should also have a veranda transformer.

Please note that this transformer is not included in the scope of delivery.

1

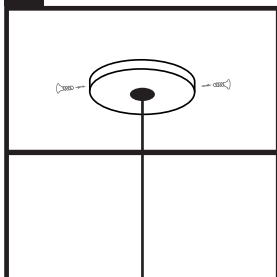

First, check whether all the parts are contained in the box, and test the product before installing it in its permanent place.

2

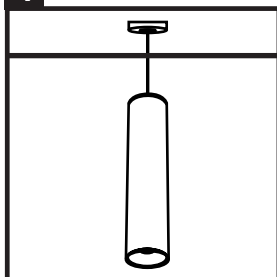

Attach the bracket to the desired position using two screws.

3

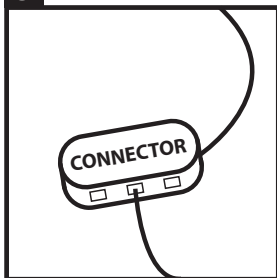

Attach the pendant lamp to the base using the 2 screws.

4

The pendant lamp is now in place.

5

Now connect the LED pendant lamp to the connector of the transformer.  
Note: you must have a free port in your connector.  
Your lightening is now ready for use. We wish you the best of luck with your purchase
