

Sharp LED recessed spotlight Granada black | warm white | 3 watt | dimmable | tiltable

Product Images

Short Description

The black version of the Granada LED recessed spotlight is a dimmable spotlight with a power consumption of 4 watts. The spot shines a warm white light colour (2700k) and is adjustable.

Description

This stylish black Granada LED spotlight is finished to perfection. This makes it suitable for almost every interior and its IP-54 protection makes it possible to install this spot in every room of your house. The recessed spot is well protected against dust and is splashproof. The spot is dimmable and by pushing the spot with your finger, you can tilt it in the desired direction.

With its consumption of 4 watts, the Granada recessed spotlight is energy-efficient and environmentally friendly! You can earn back the purchase price of this spotlight through regular use.

The Granada recessed spotlight is powered by the LED transformer that is supplied as standard. The transformer converts the incoming 230 volts to low voltage. You must connect the transformer directly to the 230-volt cable in your ceiling. You then click the Granada spotlight onto the transformer.

There are various methods of operating the Granada recessed spotlights. Below is a list of all available options:

- LED rotary dimmer Atlas
- LED push dimmer Novex
- Moon remote control
- App (free access when purchasing wifi LED receiver)

For making holes where the spotlight fits precisely, the hole saw (with a size of 53 mm) is ideal. You can find these under the accessories heading and then under hole saws.

Tip: when mounting this spot, disconnect the power to be sure
